

Dear Patient / Carer

Thank you for letting us know you are caring for someone.

We do understand the impact that caring can have on your health and well being and are keen to support you, as well as adding you to our carers register.

One of the ways that we may be able to help is by sharing information that may be useful. I have included a leaflet explaining the services provided by Carers Support Wiltshire as a patient of the practice, and details of the Carers Emergency Card Scheme.

Please also visit our website: www.sixpennydocs.co.uk selecting Wellbeing Centre and clicking carers where you can access more information that you may find informative.

If you feel there are other ways in which the practice could help you we are always willing to listen. Please contact me if I can be of any assistance or you have any questions, please join me at one of our carers support groups detailed below.
